

A large tortoise, likely a Galapagos tortoise, is shown from a top-down perspective. Its dark brown, patterned shell is the central focus. A thick, white, braided rope is coiled around the right side of the shell. The tortoise is resting on a light-colored, textured surface, possibly a cloth or sand. The background is a plain, light-colored wall.

Tier	Schildkröte (Männliche)	Grösse	17cm
Gewicht	0.45kg		
Farbe	Braun / Gelb
